Reference: October Quarterly Report

Please find this letter in response to your recent notice of failure to report a 48 hour report. Upon review of our records, we have determined that there are two checks in question. Transaction ID: SA11C7293, Committee on Letter Carriers Political Education was incorrectly reported as 9-6-02 when in fact the check was received on 9-9-02, outside the 48-hour reporting period. Transaction ID: SA11C7461, American Medical Association PAC had previously been reported on the pre-primary report, Transaction ID SA11C7125, which did not require 48 hour reporting.

The October Quarterly report amendment will be transmitted following this letter, which will bring the committee in compliance with the FEC's 48 hour rule.
